

Lincoln County Rifle Club

July 8 2018

Here are the results from Lincoln County Rifle Club on a beautiful summer day. Temps started around 60-65 degrees and finished in the low 80's with low humidity. With morning dew and bright sunshine, mirage was a factor with which to contend but mostly in determining the location of bullet hole. Several shooters thought they had the x only to find white showing when the target was retrieved. Wind was mild in the beginning but got very choppy with quick gusts in the end. As always, congrats to the winners.
