Awards Committee Report:

Gary Amatrudo gave the Awards Committee report. In 2005 there were 266 match dates on the combined schedules. The IBS has provided match awards/patches across the disciplines. 456 Championship patches were supplied along with 26 championship plaques. 278 relay winner pins were given out. Supplier problems of last year have been solved with new vendors coming aboard. All awards that were not supplied at the time of the matches in 2004 have been shipped and are now up to date. A new style of plaque was tried in 2005 since the traditional casting was not available. With the help of Bill Shehane a new pattern has been produced for the old style Championship keepers. Gary thanked Gary Long for his help with the awards.

Score Committee:

Randy Fritz gave the Score Committee report. Randy said although the attendance at different matches this year was lower than in the past years, the overall number of aggregates for score shooting was up by 7%. 2005 saw a lot of people that were changing from one class to another primarily because of the renewed interest in the 30BR. 2005 was the trial year for the score shooter of the year program to be administered by the IBS. The score committee supports the passing of this agenda item. Randy thanked Bill and Martha Creasy for running the program in the past. Randy said the retired trophies would be displayed in the range officer's building at Mainville. Dean Breeden and Dave Apple were the only shooters that managed to fire a 250-25X in VFS class. Joe Entrekin is sponsoring a new trophy for Competitors who shoot a 250-25X.

Prior to a vote being taken on the election of a Score Committee for 2006, it was noted that the By-Laws were never correctly updated concerning the Score Committee. The BY-Laws state that only Hunter Shooters can be on the Committee and only Hunter shooters can vote for committee membership. Jim Borden shared that he remembered when the Committee was changed from a hunter Committee to Score Committee and knows that the item was addressed—the By-Laws Title for the committee got changed, but the content was missed. Dick Grosbier made a motion and a 2nd by Bill Truitt for score committee to consist of score competitors. Gary Long stated that the intent was to be a score shooter not strictly hunter people on the committee. This was emphasized by the overall attendance and participation in score shooting over the past few years and that appropriate representation of all the disciplines that shoot score need to be represented on the Committee. Dick Grosbier was willing to amend his motion. Considerable discussion ensued. Nominations were made from the floor for members of Score Committee: Gary Long, Rand Fritz, Orland Bunker, Vince Pastorella, Joe Entrekin, Wayne France, Ed Davis, David Apple, Jim Goody, Dave Short. Jim Borden suggested

that a poll of the nominees be taken to determine what group of peers would be voting to establish the Score Committee for 2006. The nominees agreed to this poll and agreed to be bound by the results of the poll. The results of the poll were as follows: Gary Long-Score Competitors, Randy Fritz-hunter competitors, Vince Pastorella-hunter competitors, Joe Entrekin-score competitors, Jim Goody-score competitors , Orland bunker-hunter competitors, Dave Short-score competitors, Dave Apple-score competitors, Ed Davis-score competitors, and Wayne Shaw-score competitors. The active score shooters voted for six people to be on the committee. Larry Bryant made a motion to rescind the earlier motion with a second from Frank McKee. There were 6 in favor of rescinding and 25 opposed. The motion did not pass.

Score committee for 2006- Gary Long, Vince Pastorella, Joe Entrekin, Jim Goody, Orland Bunker, and Dave Apple. Jim Borden asked the Score Committee to get back to him by the end of the day on their selection of Chairman.

Jim stated that Larry and Michelle resigned from the record committee because of situations that had happened during the shooting season. Jim stated that a couple of competitors had questioned the Records Committee's integrity on measuring targets. Jim stated that Michelle Sutton, Larry Hertzog, and Bobby Hart had measured record targets for many years and that the accusations were unfounded. He stated that such behavior and accusations toward dedicated volunteers will definitely impact on the benchrest shooting sports. He stated that we need to encourage and applaud the dedicated efforts of volunteers. Because of the situations- Michelle Sutton and Larry Hertzog have resigned from the committee. Bobby Hart is remaining on the committee. Jim Borden will interview and qualify two people to be on the committee.

Precision Rifleman/Woman Report:

Paul Ryan gave the report. Since 1970 there have been 855 shooters who have earned points in registered matches. There are 81 shooters entitled to wear the jacket which includes the two shooters who earned the jacket in 2005. 2005 jacket winners are Dave Bruno and Jack Neary. Significant accomplishments: Ron Hoehn earned 31 points in 2005 and his current total of 71 gives him the silver level. Dave Bruno earned 43.5 points and his current total of 60.5 entitles him to the Bronze and silver level. Jack Neary added 14 points, and his current total of 37 gives him the Bronze level.

600-yard points- Because of some confusion over the type of points earned at 600 yds they have not been included in the current figures. Since the 600 yd IBS registered matches are part of the Precision Rifleman/woman system and effort will commence immediately to add in all of the 600 yd points.

Butch Wahl spoke about the Range Enhancement Fund. He stated that the fund is a 501c and that it has helped clubs.

Nominating committee:

Results for the 2005 Executive Board officers election: 2nd Vice President- Dave Tooley, Treasurer- Bill Gebhardt, and Ex. Board Secretary- Jim Goody. Jim thanked the new officers for agreeing to run for the offices. Nominating Committee for 2006 – Butch Wahl, Bill Brawand and Edna White.

Temporary Rule Changes that were included in the ballot and voted on:

#1

Add the following item to Rulebook No. 10 Section VI Score Shooting, sub section F. Scoring directly after paragraph 5.

VI.F.6

Any shot that touches the sighter bounding box on a 100,200 or 300 yard/meter score target is to be counted as a sighter shot. Yes votes-514, no votes-48

#2

Add addition X and 10 rings to the sighter target on the IBS 100 and 200 Score Targets. This would be similar to the sighter targets used on group targets. Additional sighter 10 rings would allow VFS competitors to fire sighter shots at clean, unused 10 rings. Yes votes-511, no votes-50.

New Business:

Agenda Items #1 and #2;

Rob Ritchie made a motion to table the two agenda items dealing with 1000 yard Shooter of the Year program. Herman Harke seconded and the motion passed unanimously.

Agenda item #3

Agenda Item #3 was modified by approved motion (motion by Rob Ritchie and 2nded by Larry Bryant) and the following Temporary Rule was approved unanimously by members present with 1 dissenting proxy vote at IBS annual meeting regarding 600 yard National championships:

The IBS 600 yard National Championship will be fired using an aggregate format of 8 targets per class. (Light Gun and Heavy gun) The course of fire and dates will be established when the National Championship is awarded at the IBS annual meeting. The dates and other pertinent information will be advertised on the IBS webpage, Precision Shooting Magazine and in any other advertising that the club chooses. Advertisements will be done in a timely manner as per IBS rules pertaining to National Championships.

Aggregates to be fired at the Championships

- Light gun group
- Light gun score
- Light gun overall aggregate
- Heavy gun group
- Heavy gun score
- Heavy gun overall aggregate
- 2 Gun overall aggregate

Aggregates for Light Gun, Heavy Gun-group and score will be calculated by an average based on the 8 targets fired and ranked accordingly. The Light gun and Heavy gun overall aggregates will be calculated based on the sum of the shooters ranking in the individual aggregates. The lowest total is awarded the National Championship. Example: 2nd place Light gun group and 10th place Light gun score equals a total of 12 and ranked accordingly. The 2 gun overall champion will be based on the sum of the shooters placement in each of the 4 individual aggregates in Light gun and Heavy Gun. Example: 22nd place light gun score, 8th place light gun group, 32nd place heavy gun group and 5th place heavy gun score equals a total of 67 and ranked accordingly.

600 Yard National Championship awards:

Minimum: Top 10 patches to be given for each aggregate, 2nd-10th place a 3" patch and 1st place a 5" patch The IBS will review attendance and determine when and if top 20 patches are appropriate. The host club will furnish a minimum of five trophies for 1st-5th place for each aggregate fired.

World Record eligibility at 600-yard National championships:

Only single targets in each class, for score and group, will be recognized for world records.

Agenda Item #4:

Temporary rule approved at IBS annual meeting regarding 600 yard competition:

- 2) All shooters will have a 6-minute sight in period for the first target and 2 minutes for each successive target. Shooters are permitted unlimited number of sighter

shots during the sight in period. At the end of the sight in period shooters will have 10 minutes to fire their 5 record shots.

Motion made by Dave Tooley and 2nd by Larry Bryant. Motion was passed with 1 dissenting proxy vote.

Agenda Item #5:

Agenda item 5 was modified and approved as a Temporary rule at IBS annual meeting regarding 600 yard score shooter of year:

The IBS 600 yd shooter of the year program is to be administered by the IBS long-range committee. Detailed rules for earning points will be developed annually by the Long-range committee and will be communicated to the shooters prior to the beginning of a competitive year. The awards for the program will be determined by the committee on an annual basis.

Motion made by Dave Tooley, 2nd by Larry Bryant. Unanimously approved.

Agenda item #6:

Agenda item 6 was modified and approved with a unanimous vote by members present and 1 dissenting proxy vote. Temporary rule at IBS annual meeting regarding 600 yard target:

At the beginning of next year 1/1/07 a new target would be adopted. It would be a 100 yd target with the scoring rings reduced 60%. The aiming square would reduce by 40% (same size as currently used) to maintain the same sight picture as if shooting at a 1000 yd target. Overall target size (paper) would remain the same.

Also end the practice of adding an extra point for an X. It is, at best, a chance for a scoring mistake.

Score records at the end of the 2006 season would be retired. Potential score records would be submitted during the 2007 season. New records would be established at the end of the 2007 season, just as we did in the 2004 season.
