2015 By-Laws and Rule Book Items:

BL#1 Amend Article IV Meetings, Section 1. Annual meeting to add new item #5 to allow for Comprehensive updates to the rule book

Purpose: Currently, any rule changes must be done through the submission of individual agenda items by the membership upon the receipt of 25 member signatures. This process, over the years, has resulted in a Rule Book rife with inconsistencies and disorganization. This proposed by-laws amendment would allow, for the first time, a way to undertake a comprehensive update to the Rule book.

Add new item#5:

The rule book may be amended and updated in a global, comprehensive manner by a majority of the Board of directors, provided it is recommended by a majority of the Executive Board of directors. The minimum time between comprehensive updates may not be less than five (5) years. Such comprehensive Rule Book updates shall not require individual agenda items to be submitted. The initiation of a rule Book update shall be by majority vote of the Executive board of Directors. Jeff Green suggested the language in the proposed by-laws change be refined with a series of steps to be followed:

The rule book may be amended and updated in a global, comprehensive manner through:

1. Vote of the Executive Board to proceed with a draft update.

2. The official discipline committee(s) name one or more persons to construct the draft update, and authorize them to proceed to prepare the draft update.

3. IBS members that shoot the affected discipline(s) will be have a 30-day comment period on the draft update.

4. The affected discipline committee(s) will have a 30-day period to adjudicate the member comments.

5. The affected discipline committee(s) will recommend to adopt, or not adopt, the draft with the adjudicated changes to the Executive Board.

6. The Executive Board will vote to either adopt, or not adopt, the draft update as recommended by the affected discipline committee(s).

7. The draft updated rule book will be in effect for a one year trial, and will be voted upon, by mail vote, by the IBS membership.

8. The comprehensive updated may be done no more frequently than every five (5) years.
