Tack Drivers Showdown?

- Idea floated in 2013 to have a fun match pitting any rifle at 300 yard – short range, long range and F-Class.
- Which rifle is more accurate?
- Accurateshooter.com would fully support it.
- Immediate interest resulted

Tack Drivers Showdown could be a boost to Benchrest

Short Range Heavy Varmint Rifles

Tactical Rifles

Would You Like to Shoot the Most Accurate Rifles in the World?

Welcome to BENCHREST!

*Do you try to squeeze the **maximum accuracy** from your hunting or varmint rifle?*

*Do you enjoy competition with some of the **friendliest** shooters around?*

*Would you like to **improve your shooting skills**?*

*Would you like to **learn** all aspects of precision shooting from those that **really know**?*

*Do you like to have **FUN** shooting?*

Then benchrest shooting may be for you!

You can try shooting either of the 100/200 yard benchrest disciplines, group, score or BOTH. Shooting group entails trying to put all five shots through the same hole-or nearly so. A well-tuned competition rifle will be able to put five shots into .150" or less, measured center to center of the two widest shots. Many targets can be covered by a dime with lots of room to spare. The Score discipline requires equally accurate rifles, but the object for that game is to hit five separate bullseyes. A perfect target would be 50-5x.

For more information, check out: www.international-benchrest.com and also www.benchrest.com

Have questions or want to learn more? For 100/200 Group: jstover33@verizon.net; for 100/200 Score: longgun@sunlink.net
