Zoom Best Practices

How to unmute your audio:

Use the Zoom toolbar

On a PC or Mac, position your mouse over the Zoom window and the toolbar will pop up. On an iPhone, iPad, or Android, tap the screen until you see the toolbar.

Locate the “Mute” button (which looks like a microphone) on the toolbar. On a Mac, PC, web client, or smartphone, the toolbar stretches across the bottom of the screen or window. On a tablet, the toolbar appears at the top of the screen. Click or tap on the “Mute” button.

Cell phone controls

*6 - Toggle mute/unmute

How to turn on your video:

On the toolbar, press the camera icon that reads “Start Video.” If your video is already on, the icon will read “Stop Video.”

**Keep Audio MUTED

2019 Agenda Items

Discussed at 2020 Winter Meeting

Mark an 'X' to vote 'Yes' or 'No' below:

LR1: Currently in 600 Yard competition, Light Gun Overall and Heavy Gun Overall do not count for Shooter of the Year points. Vote YES to award Shooter of the Year points for those two categories. IF approved, Shooter of the Year Points will be awarded for the Two Gun Overall, **Light Gun Overall, Heavy Gun Overall**, Light Gun Score & Group, and Heavy Gun Score & Group. Vote NO to reject.

Yes ____ No ____

LR2: Currently in 600 Yard competition, Two Gun calculations are determined by adding together a shooter's rankings in Light Gun and Heavy Gun Score and Group, and not based on a shooter's actual numeric group or score aggregates. Vote YES to use the actual numeric Score and Group aggregates as the basis for the Two Gun final shooter rankings. Vote NO to retain current system.

Yes ____ No ____

SC1: Currently in Score competition, 100 and 200 targets are printed in black, while 300 yard targets are printed in red . This agenda item proposes to change the ink color for 100 and 200 yard targets to RED. No other changes to the target or records are proposed with this item. Vote YES to change the 100 and 200 yard Score targets to RED ink. Vote NO to retain the BLACK ink.

Yes ____ No ____

SC2: Currently in Score competition, the 300 yard target, unlike the 100 and 200 yard targets, has only one sighter bull (ten ring and X) in the sighter target area. The 100 and 200 yard targets have a total of three bulls (10 ring and x). This agenda item proposes no other changes in the target, its current color of red ink or impact any records. Vote YES to add two extra sighter bulls (10 ring and x) printed on 300 yard Score targets. Vote NO to retain the current target.

2020 Agenda Items page 1

LR 1

The first Proposed Agenda Item for consideration will be for the IK discipline which would allow additional IBS records for 12 target Score and Group Aggregates and 20 target Score and Group Aggregates.

The IK discipline, in their Shooter of the Year (SOY) program, offers three current formats for competitors to earn SOY points. Two of these formats have two relays/targets that count for SOY points. All IBS IK have the ability to host 10 SOY matches per year. If accepted, this Proposed Agenda Item change will probably eliminate the original "RELAY THEN SHOOTOFF" format since the Competitors at any club using the original format would no longer have a sufficient number of targets to qualify for these proposed IBS Records.

LR 2

This Proposed Agenda Item will be for both 600 Yard and IK disciplines. It includes allowing IBS Clubs the use of Electronic Scoring Systems for the **sighter periods only**! Currently, the IBS Long Range Rule Book prohibits any use of electronic scoring systems to be used during a registered match.

2020 Agenda Items page 2

LR 3

The third Proposed Agenda Item pertains to the IK discipline and gives all IBS IK Clubs the option to reduce the time of the Sighter Period to three (3) minutes instead of six (6) minutes. The first sighter period of each match would remain at six minutes.

This proposal is similar to how the 600 yard discipline runs its matches.

**These agenda items will be voted on on-line after
February 1, 2021**

Welcome to **BENCHREST!**

- Do you try to squeeze the **maximum accuracy** from your hunting or varmint rifle?*
- Do you enjoy competition with some of the **friendliest** shooters around?*
- Would you like to **improve your shooting skills**?*
- Would you like to **learn** all aspects of precision shooting from those that **really** know?*
- Do you like to have **FUN** shooting?*
- Then benchrest shooting may be for you!***

You can try shooting either of the 100/200 yard benchrest disciplines, group, score or BOTH. Shooting group entails trying to put all five shots through the same hole-or nearly so. A well-tuned competition rifle will be able to put five shots into .150" or less, measured center to center of the two widest shots. Many targets can be covered by a dime with lots of room to spare. The Score discipline requires equally accurate rifles, but the object for that game is to hit five separate bullseyes. A perfect target would be 50-5x.

Parting Shots...

- We are wasting an incredible opportunity to tap the IBS and benchrest into accurateshooter.com
- We need to speak to the rifle accuracy buffs OUTSIDE benchrest

Benchrest Marketing

Benchrest needs to claim the high ground that it has earned:

Home of the Worlds' Most Accurate Rifles

Do NOT be afraid to advertise

“The Formula 1 of Shooting Sports”

This differentiates Benchrest from the myriad of the other rifle disciplines. Shooters FIND us and not the other way around. Make “F1” part of the marketing
