1986	Joe Gilbert	36
1985	K.L. Miller	44.5

*** Best 12 Events**

*** Best 10 Events**

Please Note method of calculating Shooter of the year points was changed substantially starting in 2005 from method used previously. Therefore comparison purely of total number of points to previous winners is very misleading.

Additionally The IBS Executive Board decided in January 2007 capping countable scores at 12 Events and the Score Committee changed the number even lower in 2009
