# ***THE TACK DRIVER***

***THE WORLD'S MOST ACCURATE RIFLES  
GO HEAD TO HEAD AT 300 METERS***

November 14, 2020

Mid-Carolina Gun Club

Orangeburg, SC

*Sponsored by International Benchrest Shooters (IBS)*

The IBS is sponsoring a fun shoot: The Tack Driver on November 14, 2020 at the Mid-Carolina Gun Club in Orangeburg, SC. We are inviting virtually any type of rifle to compete at 300 meters for group and score. Maximum of 120 shooters. You do not have to be a member of IBS to shoot. The match will be conducted under IBS competition and safety rules. I want to thank Jim Cline for stepping up and offering Mid-Carolina Gun Club for the inaugural Tack Driver. One item of import is that there will be TWO divisions: Bolt and Gas. So semiauto shooters will see how they stack up against the bolt BR rifles, but compete in their own division.

We envision on the line the full array of the World's Most Accurate Rifles: short and long range benchrest rifles, F-Class, AR, other tactical, egg shoot rifles, whatever...not many rules. Semiautos will need chamber flags, otherwise bolts out all all times. All shooting from bench, either rests or bipod. But no return to battery or rail guns. We are still working out the "rules" but likely no more than 22 pounds.

There will be a 1/3 payback to the shooters plus a cash option (\$60-\$80 entry fee, still working on). My early discussions with those in the industry, leads to me believe we will have lots of prizes too.

MUCH more to come. This is a work in progress, and we are working out the details. This is something TOTALLY new, so hang on - and be a little patient.
