600yd Match - Memphis, TN

16 March, 2014

March 16, 2014

MSSA IBS 600 Yard Match #2 was held on Sunday 3-16-14. The conditions were contrary to the terrible forecast of rain and N.E. winds at 15-20 MPH. Shooting began at 9:00 with light drizzle/foggy mist and 55 degrees. Winds were near 0. Unfortunately the dreary forecast cut attendance to 14 die hard shooters. However, the participants that made it had very decent conditions. The winds held off until the completion of the match with great scores and groups despite the minimal visibility at 600 yards.

Darrell Dacus started the match with two good targets and left everyone else in the fog after that. When the visibility cleared, Darrell had shot two potentially new IBS Records. A Light Gun Group Agg of 1.4103" and a Two Gun Group Agg of 1.7176". If certified by the IBS, he topped Mike Moses potential record fired Saturday as well as the Current Two Gun Record held by Mike Hanes. All of Darrell's targets were fired from a "no shootin' barrel" given to him by Moses a couple of weeks earlier. I knew we were in trouble when we went to the range the weekend before the matches. When Darrell's grinnin' you better bear down & don't be surprised if you get beat!

This was our 2nd match since the points rules change in 2014. Below is how the points were awarded for Sunday. We only had 15 total points available due to the forecast/participation, including points awarded for the top 'Two Gun Winners'.

Thanks to all the shooters who defied the forecast and hope everyone had a good time despite the soggy conditions. We're hopeful that we see everyone again in about five weeks on Sunday April 28th for Match #3.

In the meantime...  
Good Shootin'
