## Welcome to **BENCHREST!**

Do you try to squeeze the **maximum accuracy** from your hunting or varmint rifle?

Do you enjoy competition with some of the **friendliest** shooters around?

Would you like to **improve your shooting skills**?

Would you like to **learn** all aspects of precision shooting from those that **really** know?

Do you like to have **FUN** shooting?

**Then benchrest shooting may be for you!**

You can try shooting either of the 100/200 yard benchrest disciplines, group, score or BOTH. Shooting group entails trying to put all five shots through the same hole-or nearly so. A well-tuned competition rifle will be able to put five shots into .150" or less, measured center to center of the two widest shots. Many targets can be covered by a dime with lots of room to spare. The Score discipline requires equally accurate rifles, but the object for that game is to hit five separate bullseyes. A perfect target would be 50-5x.
